

Dear Y6,

Since you do not have a Transition Day, some St Peter's students thought we would welcome you and tell you why you shouldn't worry about joining. We are going to tell you why you should be looking forward to joining instead.

#### Reason 1

The teachers and students are very welcoming and it will be easy to get comfortable and enjoy coming to St Peter's

#### Reason 2

If you enjoy sports, sports are a key factor in our school. It is very easy to join a sports team and get involved. Also, you can make new friends. Our sports include: football (I am on the football team), basketball, cricket, rugby and athletics.

#### Reason 3

At break time and lunch time, there are lots of things to do. These include: a library where you can read books, go on the computers to do work and play chess. You can go out on the playground and play with your friends.

#### Reason 4

There is a wide variety of trips to go on such as Blackpool, a potential China trip, Skiing, Ice Skating and Museums. They are mostly for free. There is free Breakfast Club before school starts and you can get toast, bagels, cereals and juices.

#### Reason 5

In Year 10, you will be able to take part in Work Experience and be able to see what it is like to get your first job. It is something to look forward to in the future.

Hopefully you have learned that it isn't so scary to come to St Peter's High School but instead you should be excited and should be looking forward to joining and making new friends.

See you soon,

Theo
