

Term	Topics	Assessment
AUTUMN	<u>Natural Hazards</u> 1. Global Atmospheric Circulation 2. UK Extreme Weather 3. Is our Weather Becoming More Extreme? 4. Evidence for Climate Change 5. Causes of Climate Change 6. Effects of Climate Change 7. Climate Change in the UK 8. Mitigating Climate Change 9. Adapting to Climate Change 10. Hazards Revision 11. End of Unit Assessment	<u>Way Point Assessment</u> Low stakes testing throughout topic.
	<u>Coasts</u> 1. UK Physical Geography 2. Wave Formation 3. Mass Movement 4. Coastal Processes 5. Erosional Landforms 6. Erosional Models 7. Coastal Deposition 8. Deposition Models 9. Coastal Management 10. Holderness Coast DME 11. Holderness Coast Case Study 12. Sand Dunes 13. Coasts Map Skills 14. Revision 15. Coasts Assessment	<u>End Point Assessment</u> End of unit examination on Coasts and Natural Hazards using previous GCSE papers. (48 marks)
SPRING	<u>Urban Environments</u> 1. Urbanisation 2. Megacities 3. Introduction to Lagos 4. Urbanisation in Lagos 5. Challenges in Lagos 6. Makoko Case Study 7. Urban Planning in Makoko 8. UK Cities 9. Land Use Mapping 10. Urban Map Skills 11. The History of Manchester 12. Opportunities in Manchester 13. Growing Manchester 14. Salford Quays Case Study 15. Mapping Manchester 16. The Sustainable City 17. Curitiba Case Study 18. Sustainable Transport Systems 19. Revision 20. End of Unit Assessment	<u>Way Point Assessment</u> End of unit examination on Urban Environments using previous GCSE papers. (33 marks)

Term	Topics	Assessment
	<u>Rivers</u> 1. Long and Cross Profiles 2. Erosion and Transportation 3. Upper Course of a River 4. Middle Course of a River 5. Lower Course of a River 6. Causes of Flooding 7. Storm Hydrographs 8. River Management 9. River Severn Case Study 10. Bewdley Decision Making Exercise 11. Rivers Map Skills 12. Revision 13. Rivers Assessment	<u>End Point Assessment</u> End of unit examination on Rivers using previous GCSE papers. (48 marks)
SUMMER	<u>The Living World</u> 1. The Pond Ecosystem 2. Changes in an Ecosystem 3. The Distribution of Global Biomes 4. Global Ecosystems 5. Characteristics of Hot Deserts 6. Desert Adaptation 7. Thar Desert Case Study – Opportunities 8. Thar Desert Case Study – Challenges 9. Desertification 10. Managing Desertification 11. Rainforest Climate 12. Rainforest Adaptation 13. Deforestation 14. Malaysia Deforestation Case Study 15. Impacts of Deforestation in Malaysia 16. Rainforest Management 17. Sustainable Rainforests	<u>End Point Assessment</u> End of year PPE using previous GCSE paper. (88 marks, 1hr 30 mins)
	<u>Geographical Applications</u> 1. Unseen fieldwork preparation 2. Seen Fieldwork preparation 3. Pre-release preparation for Mock 4. Assessment on paper 3	<u>Way Point Assessment</u> End of unit examination on paper 3 using previous GCSE papers. (33 marks)

Term	Topics	Assessment
AUTUMN	<u>Rivers</u> 1. Causes of flooding 2. River Hydrographs 3. Flood Management 4. The River Severn 5. Revision 6. Assessment	<u>Way Point Assessment</u> Low stakes testing throughout topic.
	<u>Coasts (Revision)</u> • UK Physical Geography • Wave Formation • Mass Movement • Coastal Processes • Erosional Landforms • Coastal Deposition • Coastal Management • Holderness Coast Case Study • Coasts Map Skills • Revision • Assessment	<u>End Point Assessment</u> End of unit examination on Rivers and Coasts using previous GCSE papers. (33 marks)
	<u>Urban Issues and Challenges (Revision)</u> • Megacities • Introduction to Lagos • Urbanisation in Lagos • Challenges in Lagos • Makoko Case Study • Urban Planning in Makoko • UK Cities • Land Use Mapping • Urban Map Skills • The History of Manchester • Opportunities in Manchester • Growing Manchester • Salford Quays Case Study • The Sustainable City • Curitiba Case Study • Sustainable Transport Systems • Revision • Assessment	<u>Way Point Assessment</u> Low stakes testing throughout topic.

Term	Topics	Assessment
SPRING	<u>The Living World (Revision)</u> • The Pond Ecosystem • Changes in an Ecosystem • The Distribution of Global Biomes • Global Ecosystems • Characteristics of Hot Deserts • Desert Adaptation • Thar Desert Case Study – Opportunities • Thar Desert Case Study – Challenges • Desertification • Managing Desertification • Desert Documentary • Desert Revision • Desert Mini Assessment • Rainforest Climate • Rainforest Adaptation • Deforestation • Malaysia Deforestation Case Study • Impacts of Deforestation in Malaysia • Rainforest Management • Sustainable Rainforests • Living World Revision • Living World Assessment	<u>Way Point Assessment</u> Low stakes testing throughout topic.
	<u>Changing Economic World (Revision)</u> • Our Unequal World • Measuring Development • Demographic Transition Model • Changing Population Structures • Causes of Uneven Development • Uneven Wealth and Health • Migration • Reducing the Development Gap • Fair Trade • Tourism • Exploring Nigeria • Nigeria's Changing Economy • The Impact of Transnational Corporations • International Aid • Nigeria's Environmental Issues • Changes to The UK's Economy • A Post-Industrial Economy • Environmental Impacts of Industry • The UK's Changing Rural Landscapes • Changing Transport Infrastructure • The North-South Divide • The UK And the Wider World	<u>End Point Assessment</u> End of unit examination on Changing Economic world, Urban Issues and Challenges and the Living World using previous GCSE papers. (48 marks)
SUMMER	<u>Geographical Applications</u> 1. Unseen fieldwork preparation 2. Seen Fieldwork preparation 3. Pre-release preparation	
	<u>Revision</u>	<u>GCSE Examinations</u>
